

## SHINOBI White - Blue Switches

### DESCRIPTION

The SHINOBI by White Shark is a compact and mechanical keyboard that gives you a great typing experience. It has 61 keys with OUTEMU blue switches that are clicky and loud, and anti-ghosting technology that ensures every key press is registered. The keyboard has a black or white color option and a detachable Type C - USB 2.0 cable that is 1.8 meters long. The SHINOBI is also durable, responsive, and comfortable, with a lifetime of over 50 million presses and a key travel distance of 4 mm. It has LED illumination that creates a rainbow effect on the keys, adding some flair to your desk.

### KEY FEATURES

- Which one will you choose?
- LED Rainbow backlight with 17 modes, illuminated letters and adjustable intensity. Lights turn off after 1 minute of inactivity or go to deep sleep mode after 30 minutes of inactivity.
- Includes 61 blue mechanical keys - just what true gamers need.
