FOR OPTIMAL FIT AND WEAR COMFORT**

POP FILTER

FLEXIBLE MICROPHONE

RGB ILLUMINATION

GOLD-PLATED CONNECTORS

CABLE LENGTH: 240 cm

Thanks to its USB connection, the SKILLER SGH30 can be easily connected to PCs or notebooks and is immediately ready for operation. With a length of 240 centimeters, the flexible, textile braided cable offers ample room for maneuver.

COMFORTABLE AND STYLISH

SOFT AND COMFORTABLE

Whoever wants to pursue hours of intensive gaming sessions will find that the comfortable SKILLER SGH30 is the right choice. The ear pads are covered with a soft synthetic leather that gently snuggles around the ears even after long periods of wear. The metal frame of the headset ensures a secure hold while the flexible headband suspension quickly adapts to any head size without manual adjustment.

ALSO VISUALLY A HIGHLIGHT

The subtle design, with its elegant metal frame, is complemented with an integrated RGB illumination. As a distinctive highlight, this emphasizes the characteristic S of the SKILLER series, to be seen on the earcups, with a flowing change of colors.

PERFECTLY BALANCED SOUND

A variety of settings for the sound and the 7.1 surround sound can be made using downloadable software for the SKILLER SGH30. There is a choice of several presets which are modeled on different spatial environments. There are also a wide variety of effects which are especially balanced for music or films. Thanks to the 10-band equalizer, degrees of mid, treble and bass can also be mixed according to your own preferences.
